

SCALERS

Beyes Scalars designed to accommodate each of EMS and Satelec/NSK, with LED and non-LED

- Effortlessly eliminate calculus and other stubborn buildup with an ergonomic lightweight handpiece that features six LED lights encircling the tip for optimal illumination. The precise power delivered through steady linear ultrasonic vibrations ensures not only low operating noise, but also that movement is concentrated only at the tip, resulting in handpiece stability and maximized user comfort.
- Linear in vibration: quiet and stable.
- Movement concentrated at tip: very comfortable to use.
- 1 year warranty.
- Sterilize at 135 celsius/0.22 Mpa.
- Length 9.5cm (while inside the connector, not including tip), diameter 2.5 cm.

SCALER HANDPIECE

Non-Optic

\$599.00

Code	Description	Benefits
UL2020	UHP-E, Handpiece, Beyes & EMS backend, Non-Optic	Compatible with Beyes & EMS* Non-Optic Scaler
